<https://www.govinfo.gov/> Chad, this is the link to the relatively new "GovInfo" site. Select the "Category" tab and then "Federal Register". If you browse the Federal Register you will see they go back to 1936. If you click the "Search" button, then Refine by Collection and the scroll down and select the "Federal Register" Button. Then in the date range, select "date is before" and enter "1960". Then in the "Search In" box enter "Alaska Protraction diagram". The result should be 7 hits for 1959 and two hits for 1954. Select the September 11 hit and press the "PDF" button. Once it is downloaded do a search for "Alaska Protraction diagram" and it should take you to page 7337.

John F. Bennett, PLS, SR/WA *Senior Land Surveyor – Right of Way Services*
